DEPARTMENT OF CIVIL ENGINEERING REPORT ON PARENTS TEACHER MEETING

Introduction

Following is a report on the BE Parent Teacher Meeting conducted on 12th September 2022 between 10am to 11 am at Civil Room No. 211, Second floor, Dept. of Civil Engineering. At the outset, HOD Dr. Priyanka Salunkhe welcomed the parents and introduced the respective proctors of the students to parents.

The report hereof will cover the following points:

- i. Agenda for PTM
- ii. Points discussed
- iii. Attendance for PTM
- iv. Feedback of Patents
- v. Photo gallery

1) Agenda for the Meeting

Following was the agenda for the PTM:

- > Regarding internship for students
- > Regarding software based learning in civil engineering
- > Training programs for increment in employability of student
- > Attendance records
- > Any other issues parents wish to discuss

2) Points discussed at the PTM

Following points were discussed

Parents were welcomed by the HOD Dr. Priyanka Salunkhe and each individual faculty member's profile was briefed to the parents.

Presentation was showcased by the Prof. Poonam Patil to the parents which was including the following points

- > Introduction of all faculty members
- > Various laboratory facilities available in the institute were discussed.

- Excellent results of the passed-out students
- List of organization/ company where students join for internship
- List of the students who get placement from our college
- Expert lectures/ Seminars conducted in department
- List of the Expert lectures and seminars conducted for students

Initiative taken by the civil department towards conducting guest lectures/Seminars for the students were discussed. Guest lectures give added industry oriented subject knowledge to the students giving them a better understanding of the civil engineering industry.

Department's initiative towards motivating students for participation in NPTEL courses published by Indian Institute of Technology.

Bentley the leading software company for many engineering software's has been into a partnership with the Terna Engineering College to provide access to many licenced software to students along with the access to Bentley library which provides many learning resources to students. Moreover certified courses are available on the Bentley platform which enhances the resume of students.

Various student achievements in curricular and extra-curricular activities were discussed.

The report hereof will cover the following points:

- i. Agenda for PTM
- ii. Points discussed
- iii. Attendance for PTM
- iv. Feedback of Patents
- v. Photo gallery

1) Agenda for the Meeting

Following was the agenda for the PTM:

- > Regarding internship for students
- > Regarding software based learning in civil engineering
- > Training programs for increment in employability of student
- > Attendance records
- > Any other issues parents wish to discuss

2) Points discussed at the PTM

Following points were discussed

Head of Department Dr. Priyanka Salunkhe welcomed the parents and gave them a briefing on each faculty member's profile. Prof. Vaishali Kishan gave the parents a presentation which contained the following aspects. Introduction of all faculty members

Industrial Visit Report

Department of Civil Engineering, Terna Engineering College, Nerul Navi Mumbai had organized an Survey Camp on, 14th and 15th March 2024 at Saguna Baugh Kartal Nerul, for the student of TE.

This camp was organized with prior permission of Dr.L.K.Ragha, Principal, and Dr. Priyanka Salunkhe, Head Department of Civil Engineering, TEC.

The Department of Civil Engineering has successfully conduct survey camp in central Park, in this camp 57 students and 3 Teaching faculty are present..

Benefits of Surveying camp

- Survey camp will useful for handling of surveying instruments on site.
- It gives an exact idea about how to survey a road before its actual construction
- Survey camp provide idea about contouring work by using auto level & tachometer.
- It develop a team handling skill in students during actual working on site.
- Students will get knowledge of the different instruments.

Respected Sir,

As per the syllabus of University of Mumbai (Sem IV), Department of Civil Engineering is organizing surveying camp for SE students at Saguna Bagh, Nerul on 29th February and 1st March 2024.

Survey camp is useful to civil engineering student to handle surveying instrument on field to conduct a topographical survey on a ground which is useful to obtain a data required for planning & design of different structure like road, dams and railway in different area.

Syllabus is attached with this letter for your reference.

We are requesting humbly to grant us permission for same.

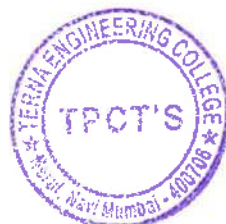

Thanking you.

Rules and Guidelines for Tour operator

Should make an arrangement for the students and faculties accompanying the students as per the discussion/ quotation.

Alternate arrangements should be made properly in case of unavoidable circumstances.

The Tour Operator should send guides in adequate number with the students to take care of them.

Arrangement for stay for all the students and faculty stay arrangement has to be in the same hotel or the hotels very close to each other.

All the stay details and contacts need to be informed to the students as well as college authorities in advance

The schedule and itenary has to be informed to the students as well as accompanying faculty members as well as College authorities.

The Tour "Operator needs to update College authorities and faculties accompanying for the IV about the arrangements and schedules well before the commencement of IV.

The Tour Operator should not combine the student IV with any other private tour

Purpose of Survey Camp

Survey Camp has its own importance in a career of a student who is pursuing a professional degree. It is considered as part of college curriculum and objective of survey camp is to provide students an insight regarding actual surveying work on field. We know that theoretical knowledge is not enough for making a good professional career. With an aim the academics, surveying camp provides student a practical perspective on world of surveying projects.

Benefits of Survey camp:

For students pursuing professional education, surveying camp help them gain hands-on experience of surveying operations before starting any surveying project.

Surveying camp bridge the gap between theoretical knowledge and practical learning in a real-life surveying.

Survey camp provide opportunity for active/interactive learning experiences in-class as well outside the classroom environment.

With survey camp, students are able to better identify their prospective areas of work in the overall organizational function.

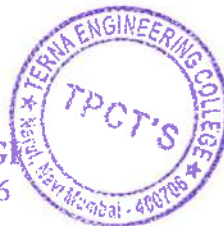

Survey camp help enhance interpersonal skills and communication techniques during survey work.

Students become more aware of instrument handling and calculations during surveying operations.

⊗ For the course "Surveying (Lab)" the oral examination shall be conducted in conjunction with the practical conduction.

Course Objectives:

The students will be able to learn:

- 1) Various surveying instruments, their least counts, various parts and suitable uses.
- 2) Methods of measurements in the field.
- 3) Skills for collecting, recording and analysing the field data.
- 4) Advanced instruments and methods.
- 5) First hand practical experience by receiving field exposure to collect site specific data.
- 6) Setting out techniques.

Course Outcomes:

At the end of the course, learner will be able to:

- 1) Operate and use the surveying instruments according to the accuracy and suitability.
- 2) Measure linear and angular dimensions in horizontal and vertical planes.
- 3) Collect, record and analyse the field data systematically.
- 4) Prepare plans of the existing features on the ground, sections and contours.
- 5) Compute the area of land and the volume of earthwork.
- 6) Set out curves and foundation plans.

List of practical's and projects:

Perform minimum six practical's out of 01 to 10 and all the projects are mandatory

Module	Detailed Contents	Lab Sessions/Hr
1	Chain and cross staff surveying.	03 hrs
2	Measuring bearings of a closed traverse with prismatic compass and computation of interior angles.	03 hrs
3	Simple and compound levelling	03 hrs
4	Measurement of horizontal and vertical angles.	03 hrs
5	Finding constants, heights and distances using tachometry.	03 hrs
6	Measurement of distances, bearings and area using total station.	03 hrs
7	Plane Table Surveying by intersection method.	03 hrs
8	Find an area of irregular figure using a conventional planimeter and verify it using a digital planimeter.	03 hrs
9	Setting out a simple curve by Rankine's method.	03 hrs
10	Setting out a simple foundation plan.	03 hrs

Projects

A survey camp of three days is to be arranged to execute the following projects for undergoing the students through practical instructions in civil engineer's career with the actual field exposure at an ideal site location .

1	Project I: Road project using Auto level for a minimum length of 500 m including fixing of alignment, profile levelling, cross-sectioning at 20m interval,, plotting of 'L' section and 'C' section. (Two full imperial sheets, the first sheet with key plan and 'L' section and the second sheet covering any three typical Cross-sections)
2	Project II: Block Contouring project using Auto level for minimum 60 m × 60 m area and generating contours by MS Excel. (Take contour interval as 0.2 meter)
3	Project III: Tachometric contouring project on a hilly area with at least two instrument stations about 60 m to 100 m apart and generating contours by taking contour intervals as 1 meter.

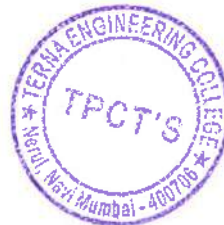

Assessment:

Teamwork

Including above practical work, projects and assignments, distribution of marks for Term Work shall be as follows:

Practical Work-	:	15 marks

Expert Talk Report

The R&D cell of the Civil Department of Terna Engineering College organized an Expert talk on "Effect of Admixture on Properties of Concrete" on 10th April 2024 for S.E. & T.E. Civil engineering students. The lecture was delivered by Ms. Pranjali Takwale, Engineer Technical Support, Krishna Conchem Product Pvt Ltd. Navi Mumbai.

This expert lecture is required for the students to enhance their knowledge about different kinds of admixtures & their function in improving the quality of concrete. As this advanced techniques not been mentioned in curriculum in detail, so expert lecture needs to be organized.

This expert talk benefitted the students to understand the basic concept of using admixture in concrete & its function to improve the quality of concrete. A doubt clearing session was also organized with student & expertise.

Expert Talk Report

The Indian Geotechnical Society (IGS), student chapter, Department of Civil Engineering, Terna Engineering College organized an Expert talk on "Geotechnical Challenges in Urban Infrastructure" on 26th Sept., 2023 for all students of Civil engineering. The lecture was delivered by Dr. Dasaka Murthy, Professor, IIT Bombay & Chairman, IGS Mumbai Chapter. The scope of Geotechnical Engineering expanded significantly in the last 30 years, and students are exposed to the wide coverage of current trends and exciting professional/research opportunities in geotechnical engineering. There is a need to motivate students to give exposure to careers and opportunities in this area and also develop leadership skills among students which will help them in their career.

This expert talk benefitted the students to enhance their knowledge regarding Geotechnical Engineering and the recent trends in it. A quiz was also conducted by the expert, also students' doubts were been cleared satisfactorily during doubt session.
