TITLE: AWS Honeywell

Objective:

Industry 4.0 is used interchangeably with the fourth industrial revolution and represents a new stage in the organization and control of the industrial value chain. To impart the skill set of Industry 4.0, education institutions are expected to encounter a number of challenges. To train students on the advanced technology skill and make them industry ready, Honeywell partnered with ICT Academy to skill the graduating final year students. The objective is to skill the student youth and prepare them to be employed.

Outcome:

- Global Certifications to the youth trained.
- 100 hours of activity based and hands on training.
- The Certificate Program is fully sponsored by Honeywell and offered free of cost to the students.
- Placement facilitation for students successfully completing the training.

MOU: Course offered by ICT-Academy through MOU.

UNIVERSAL HUMAN VALUES INDUCTION PROGRAM 2021-22

Date: 10th January 2022 - 14th January 2022
Timing: 4 to 5 PM
Platform: Zoom meetings

A 5-day induction program was conducted from 10th January 2022 to 14th January 2022. It was a series of 5 webinars that focused on imbibing knowledge about universal values among the students of first year. The topics covered in this induction program were Personality transformation, Meditation, Yoga, Nutrition, and Entrepreneurship. Guest speakers for all these webinars were Mr. Prathamesh Veling, Mr. Sourav Ghosh, Mrs. Anuja Iyengar, Mr. Manoj Kumbhar, and Mrs. Anjali Singh respectively. The webinars started with the introduction of the speaker which was done by Mr. Akshat Gokhale. Speakers started with their session by discussing their respective topics providing valuable knowledge about the same. It was followed by a short doubts session and a good response was received from the students. The host concluded the sessions with a short vote of thanks for the guest speakers. The induction program was successful in achieving the aim of educating the students about universal human values and ethics.

Hosts of the event: Mr. Prathamesh Veling, Mr. Sourav Ghosh, Mrs. Anuja Iyengar, Mr. Manoj Kumbhar, and Mrs. Anjali Singh.
Anchor of the event: Akshat Gokhale, Sharvari Khandat
Event Head: Dr. Geetanjali Yempalle
Vote of thanks: Akshat Gokhale

Short term training program on "Internet of Things"

Background to the workshop:

Internet of Things is an emerging field and is expected to rule the upcoming industry. The researches that are being performed under IoT domain are highly concerned with the security of devices, ease of connectivity and development of light-weight wearable devices. These fields are filled with research opportunities for faculties and students. With the knowledge they acquires through this course work, will enable to have broader perspective of the cutting edge technologies and a new direction in their teaching as well as in research .

Course Objectives:

1. To create awareness among the participants about Open source hardware, & Open source software
2. To provide an insight to solve real time problems using the linux based hardwares.

About Department of Electronics and Electronics &Telecommunication Engineering

Department of Electronics Engineering and EXTC, since its inception in 1991, has achieved great recognition in the field of technical education.. It is accredited by NBA for three years from July 2016. Department offers PhD, M.E. and B.E. in Electronics Engineering (ETRX) . It has a sanctioned intake of 60/ 120 students for the under graduate course, 18 students for the post-graduation course and 10 students of PhD. Departments has blend of senior, young and dynamic staffs The departments keeps up to date with the continuous changes in the field of technology and encourages the students to keep track of the constantly changing world.

About Terna

Institute Vision - To deliver value added quality education to the aspiring students, meeting stringent requirements of the changing technology, industry, business and society as a whole.

Institute Mission- To provide an environment of academic excellence and adopt appropriate teaching-learning processes to produce competent and skilled engineers to meet global challenges.

Terna Public Charitable Trust's Terna Engineering College is one of the well-known and finest technical institution, with 'A' Grade from Maharashtra Government and having ISO 9001 quality management system and is among the top Colleges in Mumbai. It is located at Nerul Navi Mumbai on a beautiful 5 acre campus. Terna offers education of the highest quality with its curriculum present a broad array of exceptional offerings in engineering & technology studies.

Title: SBL (Skill Based Learning Activity) ACTIVITY

TERNA ENGINEERING COLLEGE

Objective: Skill-based learning helps students develop problem-solving strategies and effective communication techniques. Learning skill development promotes the leadership skills of students as it helps them become more altruistic.

Outcomes: building their knowledge, boosting creativity skills and increasing cognitive skills. Additionally, the self-confidence of learners is boosted as they explore both familiar and unfamiliar concepts in creative ways.

Title: CAMPUS CREDENTIAL APTITIUDE training

Objectives

This course aims to prepare students with the skills which facilitate them to enhance their employability quotient and do well in the professional space and Competitive Exams.

Outcomes

On successful completion of the course the students will be able to:

- Understand the basic concepts of QUANTITATIVE ABILITY
- Understand the basic concepts of LOGICAL REASONING Skills
- Acquire satisfactory competency in use of VERBAL REASONING
- Solve campus placements aptitude papers covering Quantitative Ability, Logical Reasoning and Verbal Ability
- Compete in various competitive exams like CAT, CMAT, GATE, GRE, GATE, UPSC, GPSC etc.

Training content

Unit No	Topics
Basics of Quantitative Abilities	Problems on Number System Problems on HCF and LCM Problems on Average Problems on Ratio and Proportion Problems on Percentage
Arithmetic Quantitative Abilities	Problems on Ages Problems on Profit and Loss Problems on Simple and Compound Interest Problems on Time and Distance
Logical Reasoning	Number Series Alpha Numerical, Letter & Symbol Series Numerical and Alphabet Puzzles Seating Arrangement
Verbal Reasoning	Para – Jumble, Text Completion

Training Activity planned:

Training Start Date: 01/01/2020

Training End date: 31/01/2020

TITLE: Machine Learning

- **Objectives**

  > To expose the Students in emerging technologies in the areas of Data Science & analytics. This workshop provides practical foundation level training that enables immediate and effective participation in Big data And Data Science and other Analytics projects.

- **Course Outcomes**

  On successful completion of the course the participants will be able to:

  > Understand components of a machine learning algorithm.
  > Apply machine learning tools to build and evaluate predictors
  > Understand how machine learning uses computer algorithms to search for patterns in data
  > Learn how to uncover hidden themes in large collections of documents using topic modeling.
  > Learn how to use data patterns to make decisions and predictions with real-world examples from healthcare involving genomics and preterm birth
  > Learn how to prepare data, deal with missing data and create custom data analysis solutions for different industries
  > Basic and frequently used algorithmic techniques including sorting, searching, greedy algorithms and dynamic programming

Training Activity planned:

Training Start Date: 06/12/2019

Training End date: 14/12/2019

Number of Students Attended: 15

TRAINING CONTENT
Topics:
Python basics

- Intro to ML
- Object-oriented programming concepts
- Lists
- Arrays
- Functions, Conditions, Loops
- Methods & Data Structures
- Numpy, Vectors, Matrices and their common methods.
- Pandas - Data Structure Anatomy, Queries

TERNA ENGINEERING COLLEGE

Speaker feedback

The students had an extremely poor understanding of basic programming concepts and didn't interact amongst themselves and with the speaker.

Day 2:
Topics:

- Visualization with Plotly/Matplotlib*
- General structure - Data, Layout, Figure.
- Scatter, Line, Bar, Histogram
- Practice visualizations with Pandas and Plotly.
- Six pillars of ML
- Regression Techniques
- Linear Regression

Speaker Feedback

The students have understood the basics of Python well but have not revised from the shared notes. Students have a poor interaction.

Day 3:
Topics:

- SVM complete
- Hyperparameter tuning
- Contour Plots
- MS admission prediction
- Logistic Regression concept
- Standard scalars

Speaker Feedback
The students interacted better with each other, however, students haven't been revising the notes given by the Speaker which makes it a little difficult for them to understand the concepts in the coming days.

Day 4 (Complete Practice of Day 2 and Day 3):
Topics:

- SVM 2 datasets
- Logistic Regression 2 datasets
- Linear Regression 2 datasets
- Classifier Comparison
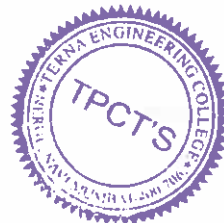

for **PRINCIPAL**
TERNA ENGINEERING COLLEGE
Nerul, Navi Mumbai - 400 706.

Speaker Feedback
The students understood the concepts well after practicing the Algorithms. Due to the lack of revision, many topics had to be revised a couple of times. The PC requirements had mentioned 8GB RAM machines but were given 4GB RAM machines because of which it was almost impossible to work on large datasets.

TERNA ENGINEERING COLLEGE

Day 5
Topics:

- NLP Intro
- Building NLP pipeline
- Tokenization
- StopWord removal
- Punctuations
- Case Sensitivity
- CountVectorizer and TF-IDF
- Word Embeddings
- News Category classification practice
- Spam Classifier Part 1 (Pipeline and embeddings)

Speaker Feedback

The machines were an issue for training the datasets. The machines hanged and some time was wasted to resolve the issues. The students are enjoying the concepts and like to practice and solve the exercises given to them.

Day 6
Topics:

- Neural Networks and their architectures
- Gradient Descent working.
- Regression and logistic practice datasets
- Sigmoid and linear activation functions

Day 7
Topics:

- Recurrent neural networks and its failures
- Deep understanding of LSTM
- Text classification using LSTM on two datasets
- Embedding matrix
- Relu and tanh activation functions

Day 8
Topics:

- Revision of all 7 days
- Making chatbots using Dialogflow.
- Demos using Google assistant
- Understanding and application NER and NLU
- Next Word predictor
- Working of a CNN in detail.

for **PRINCIPAL**
TERNA ENGINEERING COLLEGE
Nerul, Navi Mumbai - 400 706.

Speaker Feedback

Neural networks are generally tough to grasp and students need better basics of calculus and linear algebra. Most students couldn't answer 12th grade concepts of how to calculate minima or even partially differentiate functions. Although if nudged in the right direction they give answers but this push is constantly required which is stressful when done for 8 hours.
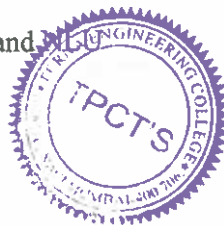

TERNA ENGINEERING COLLEGE

People don't revise previous day's notes so fail to answer in the class. It's not that people don't know the answers but it's the confidence and ability to think aloud that's creating a monotonous environment. As a speaker I don't mind wrong receiving answers but at least I'll know if you're thinking right or wrong if a student speaks up.

Mobility

- **Objective**
  - ➢ Migrate Students from Campus to Corporate
  - ➢ Give industrial exposure to their student on mobility.
- **Outcome**

  - ➢ Gives student an exposure on Android app development.

  - ➢ **3-Staged Training Program**
    - o First Stage - Student base is made concrete and then they are simultaneously expose to the platform and are provide most common use cases which comes inside the Android App Development industry.
    - o Second stage - Once student comes to a level where student understand the concepts of Advance Kotlin the student will be provided with some mock projects to deliver.
    - o Third stage - Student can do live project and Submit to the apps store and that will be student certificate about his or her achievements

Training Activity planned:

Training Start Date: 09/08/2019

Training End date: 05/10/2019

Number of Students Attended: 132

Day 1	**OOPs concepts**
	• Getting student input on OOPs concepts
	• Understanding the gap and filling the same
	• Making OOPs concept relate to real world
	• Understanding Android OS
	Variables and Constant in Kotlin
	• Understand variable declaration
	• Understanding syntax for variable declaration
	• Type defining the variable
	• Understanding constant declaration
	• Syntax for declaring the constant
	• Understanding Type Annotation
	• Type Alias and it's important
	• How values are interpreted in print statement
Day 2	**Optional Variables**
	• Understanding Optional Variables concepts
	• Understanding Optional Unwrapping concepts

for PRINCIPAL
TERNA ENGINEERING COLLEGE
Nerul, Navi Mumbai - 400 706.

	- Null safe operator(?) when and why to use - Assertive operator(!!) when and why to use **Control Flow and Loops in Kotlin** - Understand If, If Else If and Switch statements in Kotlin - Understanding various looping options in Kotlin - Talk about Functions
Day 3	**Android Basics and Android Studio** - Object Programming Basics - Android Studio - Understanding of Android Studio IDE - Understanding of project folder structures - Significance of various folders in the res folder - What are XMLs in each folder and their respective Significance - Walk through simple example of Android Project **Type Casting in Kotlin** - Understand how type cast happens in the Kotlin - Understand Type Cast syntax and talk about "as" key word **Classes and OOPs concepts in Kotlin** - How Class is declared in Kotlin - Class file structure in Kotlin - How Factory design patterns works in Kotlin - Talk about Initializer and deinitializer
Day 4	**Android UI Concepts and Layouts** - What is Layout - Types Of Layouts - Significance of using the Layout - Talk about the Linear Layout, Relative Layout and Frame Layout - Talk about the significance of each layout and use cases of each in details - Start with Project demonstrating the Linear Layout - Discuss about the relationship between the views in the Linear Layout - Nesting of Linear Layout - Understanding the concept of weights in Linear Layout - Discuss about the dp and sp in the Android Programming - Understanding the significance of id in XML - Talk about Relative Layout - Difference between the Linear Layout and Relative Layout - Making screen with Relative Layout
Day 5	**Activity** - What is Activity - Significant of Activity - Life Cycle Of Activity **Android Application Deployment and Distribution** - Start with deployment of App on the Android Device - Start with distribution of the App - Understanding the creation of signed apk

for **PRINCIPAL**
TERNA ENGINEERING COLLEGE
Nerul, Navi Mumbai - 400 706.

TERNA ENGINEERING COLLEGE

	• Understanding the distribution process to the play store **Intends** • Talk about Intends • What is Intend • Significance of Intends • Type of Intends • Implict Intend • Explict Intend • Architect of Activity Navigation using Intend • Passing arguments from one Activity to another using Intent • Demonstrating simple application
Day 6	**RecyclerView and Adapter** • Talk about the Recycler View • Understand about the Recycler View and it's importance • Configuring List Views using system Cells • Talk about the Inflater • Talk about BaseAdapter • What is BaseAdapter • Importance of Base Adapter in configuring the Recycler View cells • Start with Recycler List View
Day 7	**RecyclerView and Adapter Continue** • Creating the Model Class to hold the data • Creating the cell xml to hold the cell layout • Configuring the BaseAdapter to combine custom model to custom Cell layout • Talk about the ViewHolder Class • Importance of ViewHolder • Optimization using the ViewHolder class • Merging the data from Datastructure to the Adapter
Day 8	**GridView and Adapter** • Talk about the Grid View • Understand about the Grid View and it's importance • Difference between Grid and Recycler View • Talk about the Inflater
Day 9	**Advance UI** • Talk how to look at UI with all types of UI • Doing handson complicated UI design
Day 10	• Talk about the approach for the Designing the UI

Stage 2

Day 1	Pillar Three AsyncTask and Threading, Data Handling **Recap of last session** • Getting student input on Kotlin concept

TERNA ENGINEERING COLLEGE

	- Understanding the gap and filling the same - Making sure all are on same level - Resolving all the queries before we move to the complex concepts
Day 2	**Web Services Using REST APIS (GET & POST)** - Talk about client server architecture - Talk about the Web services - Start with the REST webservice - Talk about how to integrate MVC architecture in client-server environment
Day 3	- Talk about JSON - Talk about where JSON is used. - The working of client-server architecture - XML: Solution for client server architecture - Start of on the implementation of JSON parsers
Day 4	- Talk about AsynTask - How AsynTask helps to perform in background Thread - Talk about the parsing process - Talk about pure model components - Talk about the Interface required & creating the interface - Walk through the flow of the code implemented - Finally giving full MVC flow of client server environment.
Day 5	**High-Order Function and Functional Programming (USP of Kotlin)** - Talk about High Order Functions - Talk about Function as Type - Talk about Function pointer - Talk about Encapsulation of Function - Talk about Function as return type
Day 6	**Day 6** **Kotlin Coroutine** - Talk about Kotlin Coroutine - Talk about Threading using Coroutine - How to make programs more flexible using Coroutine - Making sure thread switching happens flawlessly using Coroutine
Day 7	**Day 7** **Persistence Storage Using SQLite** - Talk about creation of persistent storage - Talk about SQLite - Talk about writing SQLite queries in Android - Walk through the creation of a simple database - Talk about the DataBase Adapter - Talk about the Database Helper - Start of with the implementation of the code
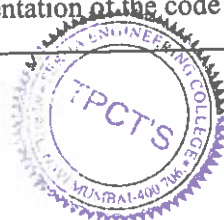

TERNA ENGINEERING COLLEGE

Day 8	**Pillar Four Fragments** • Why Fragment • How to optimise using Fragment • Importance of Fragments • Fragment communication
Day 9	**Pillar Four Fragments** • Fragment communication • Fragment and Activity Communication • Fragment Manager • Fragment as Controller
Day 10	**Implementation Of Fragments** • Creation of View Pager like various Apps • Drawer Layout or Navigation Drawer Demo • Custom Dialog views.

  ## Priyank Tolchand Ranka

  - Priyank holds more than 12 years of experience in developing apps and games for iPhones/iPad and around 11 years experience in Android, a technologies which itself is just 11-12 years old.He has more than 250+ apps/games developed for iPhone/iPad & for Android to his credit.
  - Build team of more than 350 mobile developer in IBM Apple iOS Garage India
  - Build team of more than 250 mobile developer in Accenture India
  - Trained over 3K+ professionals across the globe
  - Over 600+ undergraduate engineering students across India
  - Lead the team of WhitePages which top most 30 downloaded app on Apple's App Store.
  - WhitePages has been in top 10 since last 5 years under Reference Category
  - Nominated as top 1% most visited profile on LinkedIn
  - Have more than 50000 students enrol for iOS course on Apps Store Nimap Course App

CAMPUS CREDENTIALS – SEMINAR ON APT. TEST

DATE : 4TH JUN'18
DEPT. : CS, IT, ETRX, EXTC, MECH N MTRX
GUEST OF HONOUR : MR. VINAY RAIKAR N TEAM

OBJECTIVE : To prepare the students to tackle TCS NINJA in terms of Aptitude, Logical Reasoning, English Grammar, Quants, Maths, etc.

CAMPUS CREDENTIALS - Campus Credential has a fully equipped and updated training program to tackle all the obstacles of campus recruitment. With in-depth knowledge about industry requirements and regular inputs from industry experts, CC is able to deliver to the students what precisely the market requires. This gives the students and colleges an upper hand and enables them to grab the best opportunities. With the ever increasing competition, Campus Credential ensures that you have the right tools to steer clear from the competition and make a mark on potential recruiters. With Campus Credential's scientifically validated training programs and online tests, you can never go wrong.

Vinay Raikar

Designation: Founder of Campus Credential

Qualification: B.Com, MBA (Finance), CFA Level III

Work Experience: Hexaware Technologies, Partner at REC, Founder, Faculty and Marketing Head at Campus Credential

With over a decade of experience in preparing students for campus placements and other competitive exams, Mr. Vinay Raikar is the best mentor and guide for colleges and students to ensure the best placements. He has dedicated himself into understanding the requirements of the industry and to help students match those requirements in the best possible way. His NGO Raising a Mathematician is also involved in educating students at school level and developing them even further to explore their opportunities at the optimum.

Aptitude test preparation training by Campus Credentials.

INDIAN NAVY – UES 2019 SEMINAR

DATE : 28TH JUN'18
DEPT. : CS, IT, ETRX, EXTC, MECH N MTRX
GUEST OF HONOUR : CAPTAIN J.K. CHOUDHARY

OBJECTIVE : Pre-Placement Talk on Opportunities at Indian Navy for Engineering Fresher.

PROFILE : Captain J. K. Choudhary is the Command Recruitment Officer, Western Naval Command, Mumbai.

THE INDIAN NAVY (BHARATIYA NAU SENA) is the naval branch of the Indian Armed Forces. The President of India is the Supreme Commander of the Indian Navy. The Indian Navy traces its origins back to the East India Company's Marine which was founded in 1612 to protect British merchant shipping in the region. When India became a Republic in 1950, the Royal Indian Navy as it had been named since 1934 was renamed to Indian Navy.

JETKING- CAREER TALK

DATE : 7TH SEPT'18
DEPT. : CS, IT, ETRX N EXTC
GUEST OF HONOUR : MS. KALPANA

OBJECTIVE : To avail Engineering fresher's with the Industry readiness Trainings.

PROFILE : Ms. Kalpana is an working employee at JETKING

JETKING - Provides courses like JCHNE+, and MNA+ which entails students education in the field of Computer Hardware and Networking. Other courses like CCNA and Network Security and Ethical Hacking are also provided to the students. Our courses are designed in such a way where not only students are job-ready from Day 1, but also taught the most in-demand technologies relevant in the near future. These courses drafted after extensive discussion with the industry and direct inputs from the core HR teams to make them the most industry-ready programs in country today. Jetking also provide certification on Cloud computing, Ethcial Hacking and IoT.

Report of Communication Skills Lab Activities for the Year 2018 - 2019

A Communication skills lab has organized many activities in the year 2018 - 2019. They are as follows:

1.A workshop on "Interpersonal skills" organized, on 13th july 2018,on Friday at 3.45 pm in room no 303. Dr.Geetanjali N. Yempalle was the resource person and Mr.Sambhaji Shirsat was coordinator of the workshop. Total 27 students participated in the activity. Interpersonal skills are the skills we use everyday when we communicate and interact with other people, both individually and in groups. They include a wide range of skills, but particularly communication skills such as Listening and Effective speaking.This activity helped students to

2. Remedial class on " Personality Development", on 19th july 2018,Thursday at 4.00pm in room no 303. Dr.Geetanjali N. Yempalle, was the resource person of the class, 28 students from all three semesters participated in the activity. Essentially, Personality development skills are personal attributes, personality traits, inherent social cues and communication abilities. Developing these skills involves the process of self improvement which focuses on strengthening students' knowledge, capabilities and self awareness to reach their personal goals.

3. Remedial class on "Public Speaking", on 20th july 2018, Friday at 4.00pm in room no 314. Prof. Sambhaji Shirsat, was the speaker of the class. 22 students participated in the activity. Public speaking is a presentation given, live before a crowd of people. It can cover a wide range of topics. The objective of the speech might be to instruct, influence, engage, educate, or entertain the listeners. Importance of public speaking comes in handy at every important event of our lives.

Aptitude session training

Date: 20-01-2018 TO 20/02/2018

Department: COMP/IT/EXTC/ELX/MECH/MTRX

Guest Of Honour: Ankit Trivedi

Objective: This course aims to prepare students with the skills which facilitate them to enhance their employability quotient and do well in the professional space and Competitive Exams.

Mr. Ankit Trivedi was appointed to take some extra lectures for our students in our campus in regards to Aptitude Test. As noticed 90% companies have Aptitude Test as a initial round and process of interview were the filtration level of students is very high. As its solving question sets, it consists of Conceptual Reasoning, Verbal Reasoning, Numerical Reasoning, Logical Reasoning, Diagrammatic Reasoning, etc. Daily the students use to practice the different question sets and learn to solve maximum questions with minimum time. These lectures helped our students to tackle the Aptitude round smoothly and proceed for further rounds of interview. Further, these skill sets will stay forever with our students to tackle any kind of Aptitude Tests.

# English tutorial (Soft Skill) training

Date: 28-02-2018 TO 03/03/2018

Department: COMP/IT/EXTC/ELX/MECH/MTRX

Guest of Honour: Dr.Monica Khanna

Objective: Develop effective communication skills (spoken and written). Develop effective presentation skills. Conduct effective business correspondence and prepare business reports which produce results. Become self-confident individuals by mastering interpersonal skills, team management skills, and leadership skills.

Dr. Monica Khanna was appointed to take some extra lectures for our students in our campus in regards to Personality Development, Softskills, Interview Presentations, Mock Interviews and some Basic Etiquette. In regards to engineering curriculum, these topics are not covered but are very important from the interview point of view as 80% companies have Group Discussion as a process of interview were the students communication skills and confidence is checked, initiative to open the Group Discussion, etc. Adding to it , Mock interviews helped our students to face the interview situation, answer the tricky question, twists & turns of interview and tackle the interview confidently. Hence, these lectures have helped our students to understand and learn something new which is out of their syllabus and it has not only helped them to get selected in the interview but also to progress ahead in their future as these skill sets will stay forever with our students.

Mock Interview training

Date: 20-04-2018

Department: COMP/IT/EXTC/ELX/MECH/MTRX

Guest of Honour: Dr.Monica Khanna

Objective: Mock interview process helps candidates gain confidence with the chance to reflect on their non-verbal and verbal communication abilities. It also provides an opportunity for interviewees to make mistakes and work on correcting them in a safe atmosphere.

Dr. Monica Khanna was appointed to take some extra lectures for our students in our campus in regards to Personality Development, Softskills, Interview Presentations, Mock Interviews and some Basic Etiquette. In regards to engineering curriculum, these topics are not covered but are very important from the interview point of view as 80% companies have Group Discussion as a process of Interview were the students communication skills and confidence is checked, initiative to open the Group Discussion, etc. Adding to it , Mock interviews helped our students to face the interview situation, answer the tricky question, twists & turns of interview and tackle the interview confidently. Hence, these lectures have helped our students to understand and learn something new which is out of their syllabus and it has not only helped them to get selected in the interview but also to progress ahead in their future as these skill sets will stay forever with our students.

Report of Communication skills lab activities 2017 - 2018

A Communication skills lab has organized many activities in the year 2017-2018. They are as follows:

1. A Seminar on "Effective Presentation skills organized, on 05th April 2018,on Thursday at 4.00pm in room no 303. Mr. Saurav Das was the resource person and Mr.Sambhaji Shirsat was coordinator of the seminar . 45 students participated in the activity. Effective presentation skills are the abilities one needs in order to deliver compelling, engaging, informative, transformative, and/or instructive, educational enlightening presentations. Central to effective presentation skills are public speaking, tone of voice, body language and creativity and delivery. These are skills which help students to be more effective and confident .

2. A speaking activity "Debate" was organized , on 6th April Friday, at 3.45pm in room no 303. Dr.Geetanjali Yempalle, was the resource person of the class. 25 students participated in the activity. The most important benefit of enhancing debating skills is the boost in confidence experienced by the students. Debate gives you the power and confidence to express your opinions effectively in front of an audience.

3. A mock interview was arranged as ' Personal Interview' on 10th April 2018, Tuesday at 4.00pm in room no 314.Prof. Sachin Sugave was the resource person and Sambhaji Shirsate was the coordinator of the session. Personal Interview is usually a face-to-face meeting or two-way communication between the recruiter and the candidate. The recruiter seeks to determine how well the candidate could fit in the job and the organization.

4. A workshop on "Resume Writing" was organized on 12th April 2018, Tuesday at 3.45pm in room no 314. Dr.Geetanjali Y was the resource person for the workshop and Sambhaji Shirsat was the coordinator. Resume writing is a very important part of writing as it is known as a formal document that a job applicant creates to itemize their qualifications for a position. A resume is usually accompanied by a customized cover letter in which the applicant expresses an interest in a specific job or company and draws attention to the most relevant specifics on the resume. It helps students to be confident and precise during their interview.

5. A lecture on Leadership was arranged on 13th April 2018, Friday at 3.45pm in room no 314. Sambhaji Shirsat was the resource person for the lecture. Leadership skills are the strengths and abilities individuals demonstrate that help to oversee the process, guide initiatives and steer their employees towards the achievement of goals.

6. A Lecture on 'Team Building' was arranged on 20th April 2018, Friday in room no, 314. 24 students were present for the lecture.Sambhaji Shirsat was the lecturer for the activity. Team

building is an ongoing process that helps a work group or teammates to evolve into a cohesive unit. The team members not only share expectations for accomplishing group task, but trust ans support one another's individual differences.

7. A Workshop on "Communicative Competence" was organized on 27th April 2018, Friday in room no303, at 4.00pm. Sambhaji Shirsat was the resource person and Dr.Geetanjali Y, was the coordinator of the workshop. Communicative competence is the ability to achieve communicative goals in a socially appropriate manner. It is organized and goal-oriented,i.e. It includes the ability to select and apply skills that are appropriate and effective in the respective context.

8. A Lecture on "Qualitative objective", was arranged on 4th May 2018, Friday in room no 303, at 3.45pm. Prof.Vishal Bodhale was the resource person and Dr. Geetanjali Y,has arranged the lecture. It is the objectives which cannot be expressed in quantifiable terms; for ex, a salesperson might set as an objective in a specific period the acquisition of certain product knowledge, or the forming of a close business relationship with the buyer from a major account.

9. A Lecture on "Personality Development", was organized on 11th May 2018, Friday in room no 314 at 3.45pm Prof. Vishal B was the resource person and sambhaji Shirsat was the coordinator of the activity. Total 32 students participated. Personality development is defined as a process of developing and enhancing one's personality. It also helps an individual to gain confidence and high esteem. Personality development is said to have a positive impact on one's communication skills and the way he/she sees the world.
